

Complete Google OAuth Security Review fast and for as little as \$10,000 with Nylas

With Nylas' concierge support, meeting the Google OAuth Security Requirements is no longer a blocker to implementation and business continuity.

Thanks to our partnerships with three of the leading Google-certified, independent security firms, Nylas is now able to offer our Express Security Review for as low as \$10,000—the lowest price available in the market.

Do I qualify for the lowest published pricing for my Express Security Review?

For growing teams with fewer than 50 employees, Nylas offers a \$10,000 price package if you are completing the process for a single web or mobile application.

Once you have a trial account with Nylas, [visit our dashboard](#), click **“Start a New ESR”**, and [complete our questionnaire to see if you qualify](#).

Why Should I Work with Nylas?

The only program that simplifies the Google OAuth Verification and Security Assessment process. Through our unique partnerships with Google-certified, independent security firms, Nylas makes OAuth Verification as easy as possible.

-  ✓ Transparent, upfront pricing
-  ✓ White glove support from our CSM team throughout the entire process
-  ✓ Partnerships with multiple Google-certified security firms to ensure a prioritized assessment—no waiting in a queue
-  ✓ Concierge renewal service—simplify yearly reassessment and reverification through proactive reminders and guidance
-  ✓ Reduce Verification + Assessment timelines by >50% using our best practices
-  ✓ Hundreds of customers have achieved streamlined Google approval through Nylas

"Having Nylas in our corner took the headache out of the review process and empowered us to achieve verification under budget and ahead of schedule."

Rob Carrington, Head of Engineering, Harbor Plan
